Remarks of Senator Williamson.

Mr. President and Members of the Senate:

In asking permission to address the Senate in the closing hours of this Special Session, I do so in order that I may say a word of farewell to my colleagues with whom I have served in this distinguished body for the past four years. Although voters of my district in their wisdom saw fit to send someone else to represent them in the next Legislature, I harbor no feeling of unkindness or regret. I realize that we are living

in abnormal and troublesome times. The stress of unhappy economic conditions has made itself felt upon our fellow citizens in every walk of life. It is but natural, therefore, that a disturbed public mind should express itself in terms of temporary protest against the established order of things. Although none of us occupying a place of public confidence and trust can in any measure be held responsible for the conditions which exist, it is but human and natural that our fellow citizens should clamor for and demand a change in the fanciful hope that others may be able to find a solution of the problems which have so adversely affected them. I therefore have no quarrel with the good people of my district who by a rather insignificant majority, decided that they preferred a change in their representation in this great body.

It has been my proud privilege to represent the County of Bexar in which is located the great city of San Antonio in the Legislature for the past ten years; three terms as a member of the Lower House and one term as a member of this body. As I review the record, I find in it little to cause regret so far as I am concerned. If I may be permitted to say so, I have tried always to represent my people and the great State of Texas honestly, conscientiously and courageously. I have not, of course, always agreed with the views of my colleagues, but I have always accorded to them, as I am sure they have given to me, the conviction that their views, opinions and conclusions were as honest and conscientious as my own. I leave this great body with a sense of regard, esteem and affection for each and every one of its members and for all of its employees who have served it so efficiently during my tenure of office.

In conclusion may I be permitted, and I trust without transgressing the properties, to say a personal word respecting the campaign which resulted in the election of another to represent my district. I do so in no sense of bitterness but only for the purpose of sounding a word of warning which I trust may be helpful to the people of Texas and the interests to which I shall refer.

I have already said that during my service here I have endeavored

to vote my honest convictions, based upon an intelligent consideration of every question involved so far as I was capable. During the Regular Session of the present Legislature we passed several measures affecting the transportation interests of our State. I refer specifically to the so-called "Truck Bills". One of these measures, H. B. No. 335, was a bill regulating commercial motor vehicles. I voted for this bill and supported its passage in every way possible. The other known as H. B. No. 336 was introduced as a Highway conservation measure but by an analysis of the provisions of this bill I found that instead of it being intended for the protection of the Highways its effect would be more or less confiscatory of vehicles properly licensed and legally operating and my opposition to its passage was based upon my sincere belief that the law should regulate a motor vehicle by the gross weight of vehicle and load rather than on a pay load basis. In my vote upon these measures, I had in mind only what I considered to be the best interests of all the people of Texas. I did not seek either to favor or to oppose any agency of transportation, much less our great railroad systems, which have done so much to promote the progress and development of our State. And yet, Mr. President, because my votes on these measures were not partisan in their favor, I incurred the opposition of certain railroads and so, on election day in San Antonio, on the 27th day of August, we beheld a spectacle of scores of representatives of certain railroads actively working in opposition to my candidacy, swarming around the polls and transporting to the polls scores of voters who unfortunately did not seem to have an interest in the matter, in order that their ballots might be cast against me.

I say frankly, Mr. President, to the members of this body and to the railroads themselves, that the efforts of their employees, who were working under direct instructions to oppose my election together with a liberal distribution of funds for campaign purposes were solely responsible for my defeat. Mr. President, whenever, the time comes in Texas that any one interest, be it a railroad, another form of corporation,

or an organized group of any character, can say who shall constitute the membership of this body or the House of Representatives, the cause of free government in Texas is not safe.

Having made this frank statement, which I trust will give no offense, I again wish to express my gratitude for the consideration which I have always received at the hands of my colleagues in this Senate and to assure them that I shall always hold in pleasant memory and in affectionate good will the recollection of my associations with you.

W. A. WILLIAMSON.

Statement by Senator Loy.

Senate Chamber,
Austin, Texas, Sept. 22, 1932.
**Mr. President and Members of the
Forty-second Senate:**

I desire to make this final statement, as I will not have the pleasure of meeting you here at the next regular session in January. It has been my happy privilege and pleasure to represent my district six years in the Texas Legislature; serving four years in the House of Representatives and two, of my four-year term, in the Senate.

At the recent election, I ran for and was overwhelmingly elected County Judge of my home county of Grayson, an honor which I deeply appreciate. I will, at the end of this Third Called Session, tender my resignation to the Governor; so that my successor might be elected on November 8th, the day of the General Election, thereby causing no extra expense to the people of my district to elect my successor.

Mr. President and Members of the Senate, the thought of leaving this august body grieves me deeply. I know I am a better citizen by having known and worked with you. You have inspired me to ever press onward and upward and in after years I shall look back upon my services here as one of the brightest spots in my life.

You have been more than kind to

me. You bestowed upon me the high honor of electing me President Pro Tempore of the Third Called Session of the Forty-second Senate, an honor that comes to few men. By reason of this fact I have the unique distinction of signing my own last bill, Senate Bill No. 41, as President Pro Tempore of the Senate.

I want to thank each and every one of the employees of the Senate for their many courtesies and kindnesses to me. I hope they will remember me as I will them.

Mr. President and Members of the Senate, permit me to say in conclusion, that I have great faith in the integrity of the membership of the Senate of Texas, and I feel so long as we have loyal, patriotic men like you, our Country is safe. I know you are not unmindful of your great responsibility and in a time like this it demands the best in every man and woman in Texas, especially those in high official positions.

I leave with you my sincere good wishes and wish for you the best in every thing; and may God's richest blessings be upon you through life, and your Faith in Him sustain you in Death. Should I not have the pleasure of meeting you again here, I hope to meet you at the Roll Call Over There.

Your Friend,
JAKE J. LOY,
State Senator, Ninth District,
Sherman, Texas.
